Create & send new text SMS

The screenshot shows a mobile app interface for creating and sending a new text SMS. At the top, there is a status bar with icons for USB, 100% battery, signal strength, and the time 6:08 PM. Below the status bar is a blue header with the text "New SMS". Underneath the header are two buttons: "Text SMS" (dark blue) and "Voice SMS" (orange). Below these buttons is a form with two main sections. The first section is labeled "To * Select group(s)" and has a blue plus icon to its right. The second section is labeled "Message *" and has the placeholder text "Write message / Select template" below it.

News post

The image shows a mobile application interface for creating a new news post. At the top is a black status bar with icons for signal, a blue square with the number '1', and a battery icon, along with the time '11:06 AM'. Below this is a blue header bar with the text 'News post' in white.

Title

1. Type the title

News

Write News

The image shows a large, empty light blue rectangular box for writing the news content. The text 'Write News' is visible in the top left corner of this box.

2. Type the news

Submit

3. Click
"Submit"

Logout

The image shows a mobile application interface. At the top, there is a status bar with icons for signal, battery, and time (11:06 AM). Below this is a blue header bar with the word "News" and a plus icon. The main content is a table with three columns: "Date", "Author", and "News Details". The table contains several rows of news items. A blue speech bubble with the word "Logout" is positioned over the bottom right of the table. A grey menu overlay is visible at the bottom left, also containing the word "Logout".
